

PMA20108

Certificate II in Process Plant Operations

These qualifications are defined in the nationally endorsed Chemical, Hydrocarbons and Oil Refining Training Package.

A Training Package links workplace competencies with qualifications under the Australian Qualifications Framework.

- ◆ Have your existing skills and knowledge recognised
- ◆ Gain a qualification or have a single competency recognised
- ◆ Contextualised to your workplace
- ◆ Flexible training delivery

Unit 10/121 Kerry Road
ARCHERFIELD Q 4108

PMA20108

Certificate II in Process Plant Operations

This is the **entry** traineeship for those wishing to follow a career in the chemical processing industry.

PMA20108 Certificate II in Process Plant Operations

This qualification is suitable for operators with a basic level of autonomy, maintaining the plant, making manual changes to the process and handling stocks and products.

The nominal duration of the training programme is up to **24 months**, although with recognition of current competency and self-paced learning, it can be completed appreciably sooner.

Graduates will be able to progress through a career path to the appropriate level of employment, as Chemical Plant Operators or Process Plant Technicians.

Entry can be through a:

- an **existing worker traineeship**
- **fee- for- service**

Programme Structure

Refer to our *unit selection form* and *competency unit summary booklets* for further information on the program structure

New features of the PMA training package

Because specialisation is a requirement in some industry sectors for the Certificate II, Alan Bartlett Consulting may choose to issue a generic qualification:

‘Certificate II in Process Plant Operations’

or, where elective units of competency are packaged to suit a particular industry sector or specialisation, Alan Bartlett Consulting might issue a:

Certificate II in Process Plant Operations (specialising in xxxxxxxx)*

*It should be noted that a qualification with a specialisation does not change the title of the qualification, although Alan Bartlett Consulting may choose to record the specialisation. The AQTF requirements must be complied with and the qualification or Statement of Attainment should clearly specify the units of competency achieved and where appropriate, the specialisation.
