Business Address: Level 3/23A Graham St Milton, QLD 4064
Postal Address: PO Box 1161 Milton, QLD 4064
The Certificate III in Manufactured Mineral Products covers the skills and knowledge required to perform a range of advanced operations within the manufactured mineral products industries.

The qualification is suitable to develop existing workers to perform an advanced operational role to directly produce product.

The operator will be able to work independently and to apply theoretical and technical knowledge and well developed skills to undertake advanced operations and exercise judgement in areas such as start-up and shutdown procedures and quality assurance.

The operator will be able to apply their knowledge to anticipate problems and to solve a range of routine and non-routine problems using product and process knowledge to develop solutions to problems which do not have a known solution or do not have a solution recorded in the procedures.

The operator will be able to solve a range of foreseen and unforeseen problems, using product and process knowledge to develop solutions to problems which do not have a known solution, or a solution recorded in the procedures.

The qualification provides the skills and knowledge relevant to the following sectors:

- cement
- precast concrete
- premixed concrete
- clay products
- ground minerals
- abrasive grinding wheels and cutting discs.

For people who do not directly produce product but work in production support roles see MSM30116 Certificate III in Process Manufacturing.

For people who require a more generalist qualification covering the application of good manufacturing practice and lean principles see MSS30316 Certificate III in Competitive Systems and Practices.

The PMC30116 Certificate III in Manufactured Mineral Products contains units of competency that can be credited towards other manufacturing qualifications such as:

- PMC40116 Certificate IV in Manufactured Mineral Products
- MSM40116 Certificate IV in Process Manufacturing
- MSS40116 Certificate IV in Sustainable Operations

There are no specific licenses that relate to this qualification. However, some units in this qualification may have licensing or regulatory requirements in some jurisdictions. Local regulations should be checked for details.

Training programs for this qualification are suitable to be undertaken as part of a formal training contract with an employer under an Australian Traineeship or Apprenticeship arrangement.

The nominal duration of the training program is up to 36 months*, although with recognition of current competency and self-paced learning, it can be completed appreciably sooner.

Program Structure
Refer to our unit selection form and competency unit summary booklets for further information on the program structure.

New features of the PMC training package
Because specialisation is a requirement in some industry sectors for the Certificate III, Alan Bartlett Consulting may choose to issue a generic qualification:

‘Certificate III in Manufactured Mineral Products’

or, where elective units of competency are packaged to suit a particular industry sector or specialisation, Alan Bartlett Consulting might issue a:

‘Certificate III in Manufactured Mineral Products (specialising in xxxxxxx)”*

Industry sector/specialisations could include, but are not limited to:
• Cement
• Precast concrete
• Premixed concrete
• Ground minerals
• Abrasive grinding wheels and cutting discs
• Other areas.

*It should be noted that a qualification with a specialisation does not change the title of the qualification, although Alan Bartlett Consulting may choose to record the specialisation. The National Quality Framework requirements must be complied with and the qualification or Statement of Attainment should clearly specify the units of competency achieved and where appropriate, the specialisation.
• **ABN:** 38 010 041 835  
  • **ACN:** 010 041 835  
  • **National RTO No:** 5800  
  • Registered to deliver training and issue qualifications from the following national training packages:  
    • Business Services  
    • Forest and Wood Products  
    • Foundation Skills  
    • Furnishing Services
